Protyay Kolay
3rd year B.Tech, Computer Science & Engineering
Brainware University

Phone : +91 – 8240709004
Email : **protyaykolay10@gmail.com**
Address : 3/1, Satish Chandra Basu Mallick Ghat Road, Ariadaha, Kolkata - 700057

Education

2023-27 — Brainware University, Kolkata — 7.43/10
Bachelor of Technology, Computer Science & Engineering

2023 — Hare School, Kolkata
12th (Senior Secondary Examination) — 64%
West Bengal Council of Higher Secondary Education

2021 — Hare School, Kolkata
10th (Secondary Examination) — 77.57%
West Bengal Board of Secondary Education

Internships & Trainings

Jul-Sep'25 — **Agnirath Aerospace and Defence Research Private Limited (On Campus Internship)**
- Contributed to a real-time Ultrasonic Obstacle Detection and Distance Measurement System using Arduino.
- Implemented distance calculation logic and performed sensor calibration.
- Collaborated with hardware team for testing and debugging.

Sep-Oct'25 — **Samsung Innovation Campus (On Campus Internship)**
- Underwent a 2 months training on coding and programming, tools & techniques
- Worked on a project of a Startup Progress Monitor
- Develop the project in a 3 days hackathon

Feb'26 — **NIIT Foundation Cisco Networking Academy**
Four weeks (CyberOps Associate) training & certification

Academic Projects

Feb'26 — **Student Management System**
- Built a full-stack Student Management System using the MERN stack (MongoDB, Express.js, React.js, Node.js) to manage student records efficiently.
- Designed responsive and user-friendly UI in React.js**,** improving data accessibility and user experience.
- Implemented MongoDB for secure data storage and optimized queries for faster performance.

Jan'26 — **Sales Performance & Business Insights Dashboard**
- Sales performance overview with key KPIs (Leads, Orders, Quantity)
- Interactive filters by state and product
- Trend analysis by year
- Regional and product-wise insights using dynamic visualizations

Dec'25 — **Heart Detection System**
- Built a Machine Learning-based heart disease prediction system using Random Forest algorithm.
- Applied data preprocessing techniques including label encoding and feature scaling.
- Achieved accurate classification through train-test split and performance evaluation.
- Deployed the trained model using Flask framework for real-time web-based predictions.

Technical Skills

Languages/Web Technologies	HTML, CSS, JavaScript, Python, MySQL, Basic MERN stack
Computer Skills	MS Word, MS Excel, Advanced Excel, MS Access, PowerPoint
Data Analytics	Power Bi
Machine Learning	Supervised Learning, Unsupervised Learning, Linear Regression, Logistic Regression, Random Forest

Additional Information

2023-24	**Certificates :** Diploma in Information Technology Application (Youth Computer Training Centre. Government of West Bengal) Advance Excel (HPE Education Services)
2025	**Awards :** Library Appreciation Award (2024) for Best User — awarded for both even and odd semesters.
2026	**Awards :** Library Appreciation Award (2025) for Best User — awarded for even semester.
Hobbies	Hobbies include reading books, playing crickets.
